Plot No. 50, Sector-9, Rohini, Delhi-110085

Dated : 04-12-2018

Ref No. OFG/CEGHS/.....

Dear Residents,

My Waste My Responsibility

We have been informed by the waste pickers that some of the residents are not handing over waste in segregated fashion. This is in violation of guidelines issued by NGT/MCD that states generator segregation is mandatory, a copy of which has already been circulated to all the residents. Please note that NGT/MCD have adopted a strong posture and are issuing challans to violators. Some of the societies have become victims because of non compliance of order of NGT/MCD.

Therefore we request to all the residents to please cooperate and hand over segregated waste to waste collectors. MCD officers are on surprise visits to societies and during their visit if they observe that the generator of the waste is not handing green/wet waste and dry waste separately, they would issue challan on the spot with a minimum penalty of Rs.5000 to generator.

We, therefore, sincerely request to please cooperate and hand over wet waste and dry waste separately in bags to the picker.

Regards,

President/ Secretary)
